

UV Liner
being placed
in 13 sewer
lines

Borderland Construction is still working on access.

There will be a Vector truck stationed on MH 8015-20 to bypass sewer while our work is taking place.

There will be a Vector truck stationed on MH 8015-13 to bypass sewer while our work is taking place.

Borderland will begin work for this sewer lining project starting on the 4 sewer main runs that are marked here. There will be Borderland Trucks and subcontractor lining equipment in the area with barricades surrounding it for both Borderlands protection and the Residents. Traffic will remain flowing.
